INTRODUCTION

Dyna is your trusted partner in refrigeration and air conditioning solutions. With 35+ years of expertise in the industry, we specialize in providing reliable, energy-efficient, and cost-effective climate control services for industrial, residential and commercial spaces. From installation to maintenance and repair, our skilled technicians are committed to ensuring your systems run smoothly year-round, whether you're looking to keep your home cool during the summer heat or maintain optimal refrigeration for your business. We are dedicated to delivering exceptional service, tailored to your unique requirements, while keeping your environment comfortable and efficient.

BUSINESS OVERVIEW

Founded in 1989. Dyna has high net worth with ongoing HVAC turn-key projects and annual maintenance contracts. Our strategic partnership with world renowned Daikin has proven to show our execution of projects of all magnitudes utilizing high-tech legacy & global skills.

We have USGBC certified LEED professional/s on board. Our implementation of Green Technology in projects have earned us coveted LEED ratings & competitive edge in countering sustainability issues. Our ultra-modern infrastructure has retained us the most elite workforce in the HVAC sector.

Our multi-crore projects across IT companies, consulting firms, multinational banks, BPOs, insurance firms, hospitals & hotels for companies like Microsoft, Google, American Express, Cadence and Hughes Software are run by top mechanical engineers from prestigious colleges & highly certified trained experts.

WHY CHOOSE US?

GREEN TECHNOLOGY EXPERTISE

Equipped with high-yielding R&D & expertise for green and clean technology for HVAC needs headed by USGBC certified LEED accredited professional Mr. Rishabh Wadhwa. Highly reputed for giving most innovative solutions that helps lower the HVAC operating costs & give the best comfort without compromising the environment.

SERVICE OFFERING

Engineering/Design Detraining:

Expertise in HVAC layout designs. Equipped with AutoCAD stations & latest project management software to develop wide range of standard & custom HVAC solutions operated by qualified & trained certified professionals.

Project Execution:

Expert insight in offering HVAC execution services to clients. Rich industry experience & expertly trained & qualified technicians & engineers. Using computerized designs, estimating & scheduling technology ensuring HVAC execution aligning with project guidelines.

After-Sales Service:

Professionally undertaking service & maintenance work after all installations. Minimum expense for HVAC unit/s of all reputed brands. Ensuring safety, efficiency & economy for all our clients leaving them with utmost satisfaction & peace of mind.

STRATEGIC COLLABORATION

- Dyna has partnered with Daikin (major HVAC equipment manufacturer from Japan) for various VRV (variable refrigerant volume) in Delhi & NCR
- We have worked on large-sized buildings for VRV projects to provide AC units including outdoors that extend air conditioning capacity up to 60 HP
- Incorporating outstanding features like different outdoor & indoor units, long actual & total piping length, high external static pressure, use of green refrigerant (R-410A), reduced no. of outdoor units.
- Ensuring VRV systems run on R-410A refringent for Zero Ozone Depleting Potential & is a recognized 'Green Refrigerant' replacing all conventional refrigerants like R-22 very soon

EXECUTION OF MAJOR VRV CENTRIC PROJECTS

- Vatika Professional Point, Gurgaon
- ASF Insignia, Gurgaon
- Bharti Airtel Corporate Office, Gurgaon
- Li-Fung Corporate Office, Udyog Vihar, Gurgaon
- Corporate Office Fit-Outs like MetLife, BT, ION Trading, etc.
- Bestech Corporate Office, Gurgaon
- Vatika Mindscape, Faridabad
- Google, Gurgaon
- Barclays, Noida
